

Online

Healthcare Leadership and Innovation Certificate

Our online, interdisciplinary Healthcare Leadership and Innovation Certificate transforms healthcare professionals into experts in innovation and leadership. With the knowledge you gain, you will have the ability to apply evidence-based leadership and innovation theories to rapidly changing healthcare environments. You will be able to build your innovation leadership toolbox to become a highly effective leader. The certificate consists of four online classes, which can be completed in as little as two semesters. In addition, you will pay in-state tuition no matter where you live when you enroll in this certificate.

You will learn how to:

- Apply evidence-based leadership and innovation theories to lead change
- Develop innovation leadership tools to advance as a highly effective healthcare leader
- Implement coaching and mentoring programs for healthcare team members
- Lead interprofessional healthcare teams in a variety of settings

THE OHIO STATE UNIVERSITY

COLLEGE OF NURSING

This certificate offers the opportunity for students to engage in coursework through distance learning. Online program availability varies by state. For more information on distance learning program availability, please visit online.osu.edu/state-authorization.

“There is currently a crisis in healthcare leadership and a newer, fresher approach is needed. This certificate provides current or potential leaders with that approach. All areas of contemporary leadership are covered, including design thinking, innovation, complex adaptive systems and entrepreneurial skills.”

- Michael Ackerman
Professor of Clinical Nursing
